

## Tapestry Observation and Assessment

**Child's Name:**

**D.O.B:**

Moss Side Playgroup has introduced a computer based system, known as 'Tapestry', to observe and record children's progress and to build up a learning journey for the children. This method of observation and assessment is a shared process between nursery and home allowing both staff and parents to add photographs and comments and celebrate children's achievements. Children's learning journeys will be updated and emailed to parents every half term and they are also available for you to look through on request.

In order to set up your child's account we will need a current email address and also your full name and title so that your details can be added to your child's profile. If you would like both parents, other family members/childminders to have access to this account then simply provide their details below. Please be assured that this system is secure and only authorised persons can access your child's account. Once your account is set up you will receive an email with an activation link, simply follow the instructions, providing a password as requested.

**Please provide details below:**

Name: \_\_\_\_\_

Relationship to child \_\_\_\_\_

Email address: \_\_\_\_\_
